

## Whirlpool Union Loses Important Round In Strike

One major plank in union demands for bargaining with Whirlpool corporation's St. Joseph division gave way Sunday when Teamster members at Whirlpool's St. Paul, Minn., plant ratified a new contract. The St. Paul International Brotherhood of Teamsters local 827 Sunday ratified a new three-year contract, 579 to 257 to replace one expiring mid-night Saturday, according to Whirlpool spokesmen. The union there represents about 1,500 workers.

Meanwhile, police scuffled at 6:45 a.m. today with

some of an estimated 150 men and women massed at St. Joseph Plant 3 entrance, arrested two men and detained a third. Members of the International Association of Machinists, Local 1918, were massed apparently to confront an anticipated "back to work" movement by workers disgruntled with the 12-week-old local strike. The movement failed to materialize, however, apparently because a Whirlpool spokesman began calling on back-to-workers Sunday to hold off for at least a few days.

Local 1918, in a strike idling some 1,800 workers of Whirlpool's St. Joseph division, had included in its demands that Whirlpool bargain jointly with unions at the St. Joseph, St. Paul, and Evansville, Ind., plants. Settlement of the St. Paul contract without coordinated bargaining apparently hurt the demand of the IAM here for joint talks. Contracts at the Evansville, Ind., plants, at which some 7,000 workers are represented by the International

POLICE, PICKETS SCUFFLE: Riot-helmeted police carry one man toward squad car about 6:45 a.m. today in scuffle with pickets from striking Local 1918 at gate of Whirlpool Plant 3 in St. Joseph. Two men were arrested and a third briefly detained. Union men

numbering an estimated 150 were massed to confront a "back to work" movement that apparently halted by a company request. (Staff photo)

# DETROIT ASKS U.S. TROOPS!

## Outburst Sparked By Arrests

### 'Average' Raid Made On Illegal Bar In Apartment

DETROIT (AP)—"It was just an average raid," says the police sergeant who led the after-hours liquor crackdown that sparked Detroit's biggest racial outburst in more than two decades.

"We had no trouble with our prisoners," said Sgt. Arthur Howison. "Just these loud-mouthed onlookers who had no business being there started shouting."

Howison headed the clean-up squad of 10th Precinct Detroit Police when it hit an alleged illegal liquor operation at a dingy, second-floor apartment Sunday morning.

His crew arrested 73 persons. Later, 61 were released.

But in the meantime, Negro bystanders accused police of kicking a handcuffed teen-ager down a stairway—the incident Negroes said made the pot boil over.

Mayor Jerome P. Cavanagh later said an investigation disproved any such action by officers.

But about 200 persons mobbed together and yelled at police. "Just as we pulled away a bottle smashed a squad car window," he said. Then a couple of stores were entered and looted and one was burned.

Reinforcements quieted the street—a congested avenue in the midst of a 6½-square-mile area packed with 145,000 persons—until three hours later.

**CITY BLOWS UP**

The violence mushroomed again, seemingly out of thin air, until it touched all corners of the metropolis of 1.6 million.

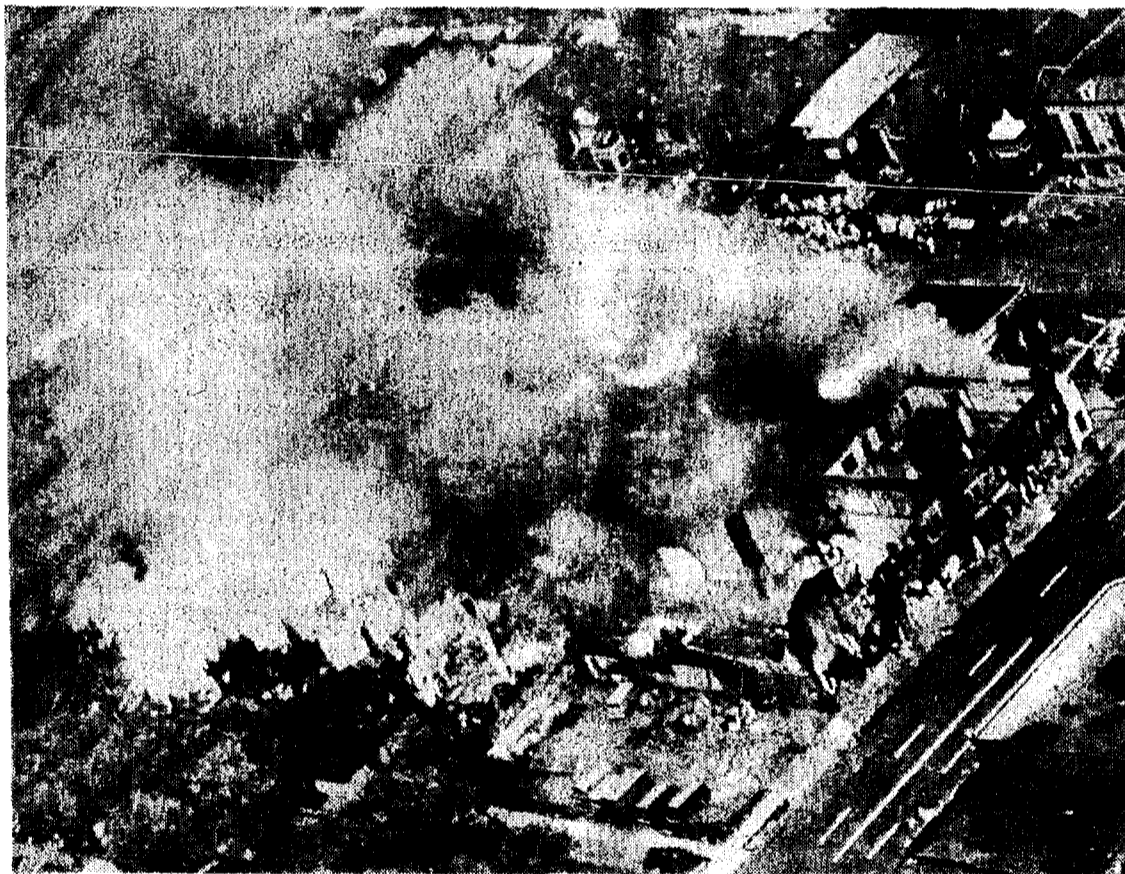

"The blind pig thing didn't start this," said Dr. James Boyce, a Wayne State University professor who is coordinating a housing rehabilitation project in the dismal section.

"It's been building for years while people just sat by," Boyce said.

He said federal aid came to the district too late. "We could have used it in 1960. When we got it, things had gone too far."

The area has a reputation for the "fast buck" crowd—pros-

(See back page, sec. 1, col. 4)

BLOCK DESTROYED BY FIRE: The better part of a city block on Detroit's near west side was consumed by flames Sunday as thousands of rampaging Negroes firebombed and looted huge sections of the

nation's fifth largest city. Gov. George Romney ordered National Guardsmen into the area, backed by tanks, to quell the riot. (AP Wirephoto)

## Fear Riot To Worsen Tonight

### Strife Kills 4; Damage Estimated At \$100 Million

DETROIT (AP)—Michigan asked President Johnson for federal troops today as wild Negro rioting raged into a second day and claimed its fourth life.

Gov. George Romney and Mayor Jerome Cavanagh made the request for 5,000 federal troops to join some 7,000 National Guardsmen and police already on the scene.

Their request came as the rioting claimed its first Negro life, a looter shot down in a supermarket by a Negro guard.

Hundreds of persons have been injured in the rioting that broke out early Sunday, and properly damage from fires that have swept blocks-long sections is already estimated at more than \$100 million.

The request was the second for federal help that Romney and Cavanagh made today in the wake of the worst racial rioting to hit this city since 36 persons were killed and hundreds injured in 1943.

He withdrew the earlier request moments after making it, apparently believing that troops might be needed in other areas of the country hit by racial strife over the weekend.

### DIVISIONS ON ALERT

Although there was no immediate confirmation the troops would be sent, military commanders said earlier that Romney's original request had been approved at the time and regular divisions in at least two cities placed on alert.

Romney asked for at least 5,000 men.

"Many of the men we now have in the city have been working well past their normal hours of duty, and the forces at their disposal will not be able to contain the situation," Romney told newsmen.

The federal troops, if they come, will join some 5,000 Michigan National Guardsmen who have been in the city with tanks and armored cars since mid-

### MORE PHOTOS AND STORIES PAGES 10, 17

night, plus more than 1,000 city, suburban, and state police on duty.

Romney said experience had shown that the second night of racial rioting is "usually worse than the first."

"Without help," he added, "the situation could become uncontrollable."

The call for federal help came after Romney and Cavanagh had braved sniper fire to tour the stricken area that stretches seven miles outward from the downtown area.

But the looting and arson continue, said the mayor, "and I am concerned about what

(See page 17, column 1)

OFF TO JAIL: Four Detroit policemen drag a handcuffed man off to jail at the height of a riot Sunday during which thousands of Negroes firebombed and looted a large section of the city. Gov. George Romney ordered National Guardsmen into the area to quell the riot.

## Deer Forest Man Cecil Potts Dies

### Founded Famed Coloma Tourist Attraction

COLOMA—Cecil Potts, whose Deer Forest in Coloma brought animals of the forest to within petting distance of children and adults, died at 9:27 p.m. Saturday in Watervliet Community hospital. Mr. Potts had been a patient there for one day. He was 71 years old.

He founded Deer Forest in 1949 and saw the idea grow and flourish into one of the Midwest's most popular tourist attractions. Mr. Potts conceived the idea for Deer Forest during a trip to the western states. He envisioned a forest preserve where wild animals could roam at will and where they could be observed and approached in their natural habitat. Since the attraction began operations, it has been visited by thousands of tourists from all of the 50 states, Canada, Mexico, South American nations and Europe.

In addition to deer, the park also displays a wide assortment of other animals, including monkeys, lambs, peacocks, dwarf cattle and pygmy donkeys.

Mr. Potts was also involved in land development and construction. He was a veteran of World War I, a member of the Coloma Masonic Lodge, No. 162, and the OES Chapter, No. 307.

Survivors include his widow, Luethel, whom he married March 21, 1920, in Chicago; a son, Robert of Coloma; a daughter, Mrs. Geraldine Semand of Coloma; three sisters, Mrs. Grace Kerr and Mrs. Riffia Frady of Coloma and Mrs. Alice Robinson of Chicago; a brother, Larkin of South Bend, Ind., and

CECIL POTTS

five grandchildren.

Funeral services will be held Tuesday at 2 p.m. in the Davidson funeral home, Coloma. The Rev. C. Jack Richards, pastor of the First Congregational church of Coloma, will officiate.

Burial will follow in Coloma cemetery.

The family suggests that memorials be made to the Heart Fund.

## St. Joseph Girl Burned By Teen

### Match-Wielder's Victim Treated

Benton Harbor police reported an eight-year-old girl was badly burned Saturday night by a match-wielding 15-year-old boy.

The girl, identified as Susan Testini, daughter of Mr. and Mrs. John Testini, 309 Dunham avenue, St. Joseph, was treated at Memorial Hospital and released.

Arrested and petitioned to juvenile court on an assault and battery charge was a 15-year-old white boy who, according to police, attacked the girl with matches while she sat in an auto waiting for her parents in the 100 block of Apple street, Benton Harbor. Police were called at 8:19 p.m.

Police said the girl received burns about her hair, eyelashes and eyebrows.

### Lake Temperature

The shoreline temperature of Lake Michigan today is 75.

## Carl Sandburg's Berrien Years

TRIBUTE TO A FRIEND: Dr. L. M. Globensky, Benton Harbor oral surgeon, displays head of Carl Sandburg that local medic sculpted in 1930. Sandburg resided in Harbert. Members of Sandburg family were Dr. Globensky's patients. The two men frequently spent evenings together and many days visiting county fairs, which the late great poet and biographer loved. For more pictures and story on Sandburg's life, works and Berrien county years, please turn to page 9. (Staff Photo)

## Governor Addresses Guardsmen

### Riots Give Words Added Meaning

CAMP GRAYLING (AP)—Strife at home and abroad are "too far reaching to be answered by military strength alone," Gov. George Romney told the annual review of the Michigan National Guard this weekend.

His words took on added meaning when the day after he spoke he ordered Guardsmen into Detroit to help quell racial disturbances there.

Romney told the Guardsmen they support freedom in two ways.

"You back up civilian law and order, and you back up the full-time military," he said.

The governor pinned the Stewart medal, honoring high proficiency in care of equipment, wearing of the uniform, leadership ability and knowledge of basic military subjects, on Master Sgt. Samuel T. Pappas, 35, of Garden City.

The medal is named for Brig. Gen. Earl F. Stewart and is the highest award for enlisted men presented by the Michigan National Guard.

## NEIGHBORHOOD YOUTH CORPS GOOD TEACHER

### AT HIGH SCHOOL

### BH Public Meeting On School Tax Tonight

The first of three public meetings on the request for operating taxes in the Benton Harbor school district will be tonight at 8 o'clock in the high school library. Other sessions are Tuesday at Johnson School and Wednesday at Lafayette School, both at 8. School board members and administrators will be present to answer questions. The district will vote Aug. 1 on 4.25 mills to be levied for three years.

### Lightning Ignites 2 Allegan Homes

#### Storm Knocks Out Power Briefly In St. Joe

Lightning set two Allegan homes afire and knocked out power briefly in St. Joseph in wide-ranging electrical and wind storms Sunday. High winds felled a tree in Benton Harbor, blocking traffic on North Winans street.

The Donald H. Brown home on 114th street, three miles southeast of Allegan, was hit at 1:22 p.m., Brown said, setting a fire that gutted the second story of the house. The Otsego, Martin and Trowbridge township fire departments, called to the scene, quelled the blaze. Fire Chief Robert Healey estimated fire, water and smoke damage to the home at \$5,000 to \$7,000.

The home of Mr. and Mrs. James Pence on 26th street, west of Otsego, was set afire shortly afterward when lightning hit a wire leading into the house. The Otsego fire department extinguished the blaze, which left damages estimated at \$2,000. The dwelling is owned by Ralph Forney of Otsego.

Lightning also struck the roof of the Norman Gordon home at Plainwell but did not start a fire. In St. Joseph, the Indiana & Michigan Electric Co. reported lightning hit the top of a utility pole at Wayne and Church streets at 9 a.m., blacking out the northeast section of the city for a half hour.

Final repairs necessitated cutting off power for another half-hour at 11:20. The power company said individual homes were without electricity for short periods Sunday morning as limbs fell onto lines supplying the houses.

The Benton Harbor public works department removed a

tree, blown down by a gust of wind across North Winans street in the 500 block at 9 a.m. Traffic was detoured for an hour. Another tree was blown down in the back yard at 800 Broadway street.

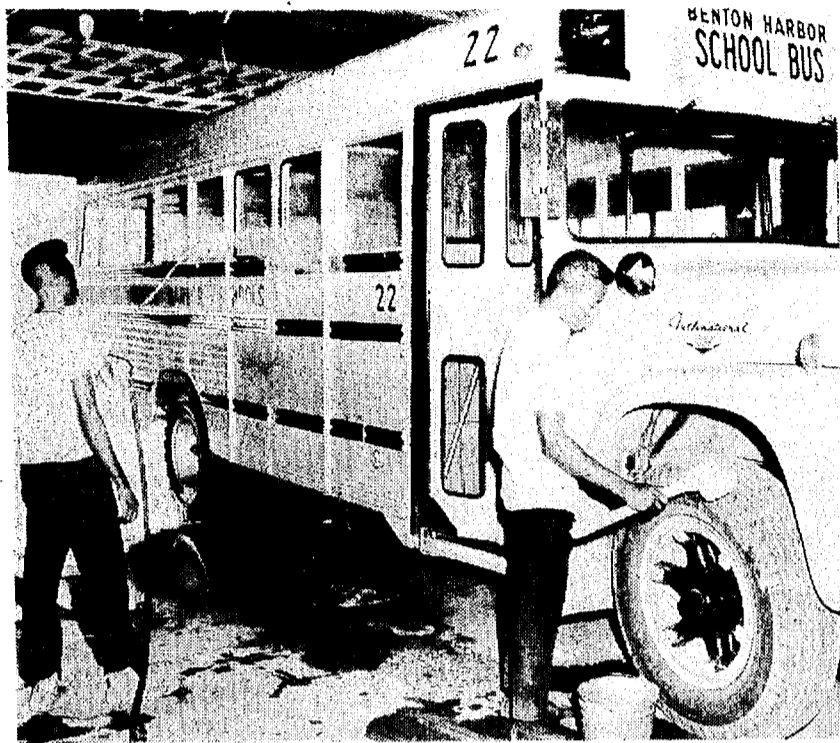

Fair weather is predicted for the area tonight with a partly sunny and less humid afternoon in prospect. However, there is a chance of afternoon thunder-showers Wednesday with an inch of rain expected in shower periods Wednesday and Thursday.

### Dognappers Are Active

Dognappers were active in Benton Harbor over the weekend with four family pets reported stolen.

John Genovese, 759 Ogden avenue, told police three German Shepherd puppies had been taken from his garage by someone who broke a lock on the door. Genovese told police the mother was in the house at the time.

Mrs. Betty Beecham of 380 Paw Paw avenue told police her male brown Pekinese, named "Teddy," had been taken from her yard where he had been tied.

A BUS TO WASH: Larry Harris of 135 Benton street, mans spray on new Benton Harbor school district orthopedic bus, while Albert Thomas, 127 North McCord street, cleans wheels. Both 16-year-olds have left school, but find work and future with Neighborhood Youth Corps program. (Staff photo)

### BH Officer Breaks Up Dice Game

Benton Harbor Detective Neil Teske saw several car windows rolled down in an early Sunday morning rain and suspected that something was wrong.

He was right, for as he walked into the Idle Inn restaurant, 136 Market street, several persons in a back room fled through a rear door, leaving behind a dice horn and \$33.10 which was confiscated.

Teske said he also requested and received from the restaurant manager three city licenses — food handling, pool table and mechanical devices permits. He said he would request that the licenses be revoked by the city.

Teske said he was unaware of a gambling party because of the time of day, 8:28 a.m., but added that the Idle Inn recently had been raided for gambling by state police and himself. No arrests resulted Sunday, Teske said, because he was alone, and the crowd scrambled rapidly out the back door. The restaurant manager was identified as Lovell Boykins.

### Weekend Larcenies Hit St. Joe

#### Calls, Vandals Keep Police Busy

A rash of week-end larcenies, and malicious destruction plus two false alarms, were reported today by St. Joseph Police.

LeRoy Batchelor of Route 1, Baroda, an employee of St. Joseph Fisheries, 219 North Wayne street, reported \$130 in change taken Saturday from a hiding place in the store. The thief crawled through a window and broke the locks on two inside doors to reach the money.

James Powers of 1025 Willow street, St. Joseph, reported between \$25 and \$30 taken Friday from the Uptown Landromat, 1109 Main street. Two machines were looted.

Edward C. Steltman, 1091 McAllister, Benton Harbor, reported Saturday the motor from his outboard motor boat taken from the boat dock in the Morrison channel.

Gertrude Stock, 2700 Lake Shore apartments, reported her locked bicycle was taken from a hallway near her apartment.

Officers on patrol Sunday noticed two large windows broken in the new Barlow Laundry building at Hawthorne and Cleveland avenue. Brown Bros. Construction Co. is the contractor.

Officers investigated a report that the tires had been deflated on one car, a mirror snapped off on another and the tire valve caps taken from another while parked in the Heath Co., east parking lot Friday.

Donald Mullis, 806½ Pine street, St. Joseph, reported his wife, Sarah, 18, and her girl friend, Gloria Mattingly, 20, were missing. Police checked with relatives in California and Florida without success and believe the girls are still in the area.

Walt Corbin, 822 Ship street, St. Joseph reported his auto stolen from the 700 Block of Broad street. Police found it in Kiwanis park this morning.

Christine Knuth, 205 Hawthorne, St. Joseph, reported the front wheel of her bicycle had been slashed in four places.

St. Joseph firemen were called Saturday to a "big fire" on Cleveland avenue, police were called to "stop a big fight" but both turned out to be the figment of a young girl's imagination, police reported. Action Ambulance was also called but did not respond after hearing the police radio reports.

### SJ Dump Blaze Extinguished

St. Joseph firemen extinguished a fire at the Industrial avenue city dump yesterday. It was the second time in three days the firemen had been called there.

### PROBE CAUSE Fire Razes Benton Barn

An old barn on Dewey avenue burned to the ground early this morning, Benton township firemen reported. The barn, located between Meadowbrook road and Napier avenue, was part of the Pipestone Industrial district, contained only a few crates.

Firemen said the cause of the fire was still under investigation. A grass fire at Modar, Inc., 1394 East Empire avenue, was put out by firemen yesterday. Firemen said the fire spread from a trash fire.

### Township, BH Struck By Vandals

#### Police Answer Many Complaints

Incidents of vandalism were reported in the Benton Harbor-Benton township area over the weekend, with city and township police receiving numerous complaints concerning damaged autos and buildings.

Two motorists early Sunday morning told city police their autos had been struck by hurled rocks at Fair and Highland avenues. Township police, the same time, received reports of two other cars being struck by flying rocks and bottles along Fair avenue.

No injuries resulted, according to city and township police.

**BREAK WINDOWS**  
City police investigated other isolated incidents including windows broken at Park-Mor tavern, 456 South Fair avenue; the Goodyear Tire & Rubber Co., service store, 276 East Main; Wilder's drug store, 710 East Main; and the Phillip's 66 station, East Main and McCord streets.

In Benton township, a large window was reported broken in the office Leo Price, justice of the peace, 904 Territorial road.

Coupled with the rock-throwing, police investigated two reports of tires being slashed on two cars parked in Benton Harbor, and a convertible top slashed on another.

### This Elephant Tale In Niles Hard To Beat

NILES — You won't believe this, but Niles city police are on the lookout for a pink elephant. No kidding, a little pink elephant was discovered stolen from the lawn of Robert Bauer, 44 River street, Niles, Saturday morning.

The little fellow is two feet high and two feet long and made of cement. He weighs about 200 pounds. The home-made animal was painted pink.

### Assists 190 By Giving Them Jobs

#### BH Headquarters On Water Street; Use Federal Funds

By RALPH LUTZ  
Staff Writer

The small sign in a rather dreary entranceway reads: Neighborhood Youth Corps. It heralds a federally-financed program, planned to train young people in good work habits and keep them off the streets in the process.

Busy citizens might not notice the sign at 134 Water street, Benton Harbor, in a neighborhood of old hotels, bars and retail stores. But that address is headquarters for a program that provides employment and education for about 190 youths, ages 16 to 21, from low income families.

The employment at \$1.25 a hour is in non-profit institutions such as schools, churches, public works departments, municipal offices, hospitals, armed forces recruiting offices and the Salvation Army.

#### FEDERAL GRANT

The Neighborhood Youth Corps here is funded for \$169,000 this year. The federal grants pay the boys and girls enrolled in the program and expenses of running it.

The Corps is an agent of the Tri-County Community Action Program, serving Berrien, Cass and Van Buren counties. It is not to be confused with the Job Corps, although both are part of a system conducted by the U.S. Labor Department's Bureau of Work Programs.

Director of the local Youth Corps started last January is Robert Rumney, 35, Ocie Mitchell, 24, is program coordinator. Working with them are six counselors and two office girls.

Among the enrollees are 150 students who will return to classes in the fall. The remaining 40 are school dropouts who may work through the Corps for six months or more.

Education is a requirement of the program. Youths who will return to school must during the summer attend classes two hours a week. Night courses also are required for those who have dropped from classes. Such courses aid them in securing better jobs in the future. One of the goals is passing the GATBY test. This is a general aptitude test battery, given for employment by many industrial firms and also at the Michigan Employment Security Commission office. It helps determine basic skills.

**ANDREWS HELPS**  
Education also includes tutoring, conducted by some 45 volunteers from Andrews university. The sites are Bard, Stump Nickerson, Seely McCord, Hull and Calvin Britain schools.

Rumney said there are other reasons to be optimistic, even beyond education. There is involvement that comes from belonging. Now, Rumney said, some of the girls are planning dances. Basketball leagues are being formed by the boys.

All this does not mean there are no problems. The youths are from low income families

MUCH TO DO: Neighborhood Youth Corps worker, Bertha Banks, 18, of 273 South McCord street, finds work plentiful at Benton Harbor Army recruiting office, Territorial road. With her is Sgt. Robert E. Clough. (Staff photo)

ROBERT RUMNEY  
Directs Corps

OCIE MITCHELL  
(Coordinates Work)

and they brought problems with them. There are instances of poor work habits, resulting in some absenteeism from jobs. One youth was involved in a knife incident. On the tragic side, one drowned. "It's not all roses," Rumney emphasizes, but he sees progress every day.

Rumney said 80 per cent or more come from fatherless homes. As to intelligence, those who have dropped from school are generally low, academical-

### Thieves Raid BH Medical Building

A break-in Saturday at a medical office building, 858 Pipestone street, was investigated Saturday by Benton Harbor police who reported the theft of an unspecified amount of money and narcotics.

The offices entered are occupied by Drs. Manuel R. Sori, Charles B. Porter, John H. Bailey, and Frank King, Jr.

Police also investigated break-ins at the home of Harry Woodring, 833 Edgemoor avenue, where several rooms had been ransacked; and at Bobo's grocery, 330 Paw Paw avenue, where an unknown amount of cigarettes was reported missing.

At Jean Klock park, police said five signs had been broken and several tables and waste containers had been overturned.

ly. However, they rate average or above in intelligence, according to Rumney.

**TOO SMART**  
Some are too smart, he observed. He said some instances exist where youths have dropped from schools where they were far ahead of their grades but unable to locate in accelerated classes.

One problem to corps officials does not stem from the youths, but rather from the wage scale set by Congress to determine a poverty level. This level must be met by families for youths to be eligible for work in the Corps.

Rumney says the scale may be all right in Mississippi, but not in Michigan, where the cost of living is considerably higher.

The poverty scale for a family of four is set at \$3,200 for families living in urban areas and \$3,000 for families in rural areas. The scale climbs to families of 13 members with the annual income set here at \$7,800 per year in urban areas and \$5,400 per year in rural regions.

#### MANY APPLICANTS

Despite the setbacks, the Corps movement has reached its 190 allotment and there are stacks of applicants on the desks. Word of the new opportunity spread largely by word of mouth from the TRI-CAP headquarters in Benton Harbor and its officials in Cass and Van Buren counties.

Corps counselors include Pete Dual and Robert Crounse, working in Berrien county; Elliott Nelson of Covert, in Van Buren county; and Orion Flowers of Cassopolis in Cass county. Also aiding the corps, and other youth programs as counselors, are two men from the Michigan Employment Security Commission office, Samuel Skarich and Den Knola.

Currently, of the 190 youths enrolled, 115 live in the Benton Harbor area. And, of these, about 95 are expected to be at class desks in September.

As to the others? Rumney hopes they and the other school dropouts will be gainfully employed with a skill to earn a livelihood.

### Crash Hurts Two Slightly

Two persons injured in a two-car accident were treated and released from Mercy hospital early Sunday morning.

Treated were Joan George, 21, of 1066 Monroe street, driver of a car on Crystal avenue, and Mary Louise Wright, 22, of 211 South Crystal avenue, a passenger in a car driven by Kersey Barnes, 31, of 378 Miller street. The accident occurred when Barnes backed out of a driveway onto Crystal avenue, according to Benton township police.

LIGHTNING HITS S.J.: Indiana & Michigan Electric Co. repairmen work Sunday morning to repair lines, felled along Wayne street, St. Joseph, during storm which passed over Twin Cities. I & M spokesmen said electric power was off over small area briefly.

BH STREET BLOCKED: Kerry Sernau of 653 Waukonda avenue, Benton Harbor, points to split in large tree, broken by wind Sunday morning and blocking the 500 block of North Winans street. (Staff photos)

### Newspaper Reading Can Hike Vocabulary

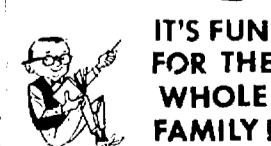

#### Compare Yours With Others In News Quiz

How does your vocabulary stand up against that of the average reader?

Out of a language which embraces a million words, the average man, knows the meaning of approximately 30,000 of them. A cultured speaker, on the other hand, might know as many as one out of ten words.

Such an expansive language includes thousands of words unfamiliar to the reader, words that are slang or cant, or the specialized jargons of various trades, sciences and professions.

The weekly News Quiz which appears on page 15 often includes such words in its "Words in the News" each week to help

readers increase their vocabularies. When understood, these same words bring more meaning to the news stories.

The News Quiz is brought to you each week by this newspaper and Visual Education Consultants, Inc., in cooperation with an area firm — Brown's Pharmacy, 2189 Red Arrow highway, to make newspaper reading a regular habit.

ST. JOSEPH, MICH., MONDAY, JULY 24, 1967

## VAN BUREN ROAD DEATH TOLL REACHES 9

**WHERE BROTHER PERISHED:** Ralph Nance, left, and Berrien County Sheriff's Deputy Jack Page, center, view charred rubble of small cabin on Lester Hiler farm, Danneffel road, Watervliet, in which Nance's brother, Frank, 32, burned to death early today. Fire department officials speculated that Nance fell asleep in bed with a lighted cigarette. The blaze occurred shortly after 2 a. m. Dr. Carl Boothby pronounced Nance dead on arrival at Watervliet community hospital and gave cause of death as smoke inhalation and burns to the upper body. A cabin occupied by Ralph Nance about 10 feet away was heavily damaged. Nance, a farm worker, is survived by his father, four brothers and three sisters. His body will be removed today to a Savannah, Tenn. funeral home.

Two Killed  
In Separate  
AccidentsOccur Within  
12 Miles; Only  
Half-Hour Apart

A pair of Van Buren county traffic accidents, separated by only 12 miles and less than 30 minutes, each claimed one life Saturday night, raising the county's traffic death toll for the year to nine.

Robert Charles Crissman, 32, of Kalamazoo, was pronounced dead on arrival at Paw Paw Lake View Community hospital following a two-car crash on M-40 about three miles south of Gobles at 5:52 p.m. Saturday. Less than a half hour later, a car-train crash in Lawton claimed the life of Dealus Wilkerson, 54, of route 1, County Road 358, Paw Paw. Wilkerson died about 8:50 p.m. in the emergency ward of Bronson hospital, Kalamazoo, of multiple fractures, head and internal injuries.

## BANKER VICTIM

Crissman, an assistant vice president of the First National Bank & Trust Co. of Kalamazoo and manager of the bank's Paw Paw office, was driving south on M-40 when his car rolled almost head-on with one driven by Marie Louise Hustafa, 18, of P.O. Box 23, Kendall, Paw Paw state police reported.

Troopers said Miss Hustafa heading north, was making a left turn into a drive-in restaurant about a mile north of the intersection of M-40 with M-43 when her car and Crissman's car collided.

Miss Hustafa was treated and released at Paw Paw Lake View Community hospital. Crissman's 4-year-old son, Robert Crissman, Jr., was also treated and released at the Paw Paw hospital but was later admitted to Kalamazoo Bronson hospital.

State police said no charges have been filed as of this morning, but the accident remains under investigation.

## CAR STALLS

According to Lawton village police, Wilkerson's 1951 model sedan was stalled on the tracks at the Walker street crossing when it was struck by a train identified by the New York Central railroad yardmaster as the No. 13 express bound for Chicago at approximately 6:20 p.m.

Lawton patrolman Melvin Leonard said he was told by witnesses that Wilkerson was westbound on Union street when he turned too sharply to the right at the Walker street intersection where the street crosses the tracks and the right side of the car left the road, stalling it on the tracks.

Wilkerson reportedly first tried to drive the car off the tracks, then got out of the car, walked around it, and then leaned against the side of the car with his head between his arms. Witnesses said he did not respond at all when the train approached.

9

Auto Deaths  
in Van Buren  
county in  
1967

section of track.

## HOLD AUTOPSY

An autopsy was held Sunday according to Leonard, who said it established that Wilkerson had been drinking prior to the crash.

Wilkerson was born Aug. 19, 1912, at Greensboro, Mo. He is survived by his wife, Edith of Paw Paw; two sons, Willie of Paw Paw and Delbert Cartright of Phoenix, Ariz.; a daughter, Mrs. James Stanek of Paw Paw; three sisters, Mrs. W.R. Kenbrow of Kennett, Mo., Mrs. Edna Blackwell of Sturdivant, Mo., and Mrs. O.D. Hopkins of St. Louis, Mo.; two brothers, Archie of Sturdivant and Lee of Poplar Bluff, Mo.; and eight grandchildren.

A veteran of World War II, he was a member of the Waters-Hackenberg American Legion post, Lawton, and of the Masonic lodge 87, Kalamazoo, which will be in charge of graveside rites.

Funeral services will be at 2 p.m. Tuesday at the Prindle funeral home, Lawton, with the Rev. Arnold E. Vold of the Paw

**DEMOLISHED BY TRAIN:** This 1951 sedan was literally torn to pieces Saturday night when struck by New York Central express train at Walker street crossing in Lawton. The driver, Dealus Wilkerson, 54, of route one, Paw Paw, died of multiple injuries

at Kalamazoo Bronson hospital about two hours after the crash. The car was reportedly stalled on tracks when the accident occurred. (Eva McKee photo)

Coloma Dwelling  
Damaged By FirePolice Hold Home Owner  
On Arson Charge

A frame house owned by the Peter Stankiewicz family, Boyer road, Coloma, was heavily damaged by fire Saturday night.

A barn, a garage and a pickup truck were also damaged by fire.

Berrien county sheriff's deputies said that after the blaze was extinguished, Stankiewicz was booked at the county jail for arson. A department spokesman said that during a family argument earlier in the evening, Stankiewicz had threatened to burn his house down.

The Coloma fire department responded to the alarm at about 10:45 p.m. and Chief Engineer Gordon Umphrey said that as his men arrived at the Stankiewicz residence, the house, barn, garage and truck were all burning. Firemen extinguished the blaze on the truck and moved the vehicle a safe distance from the burning buildings.

The garage and barn fires were quickly extinguished, Umphrey said, but interior of the frame house was badly damaged. Heat produced by the flames was so intense that it caused the exterior coating on firemen's helmets to blister and warp.

The house was originally the Wayne Boyer homestead and Engineer Umphrey's mother was born and raised there. The building was constructed by Umphrey's grandfather.

Stankiewicz's family, his wife, Irene, and four children, Susan, 17, Peter, Jr., 14, Timmy, 9, and Carrie, 2, sought shelter for the night with friends.

Elected By  
State CPA's

The Michigan Association of Certified Public Accountants re-elected John M. Kovtan, 2208 Lakeview avenue, St. Joseph, as a director Saturday at the group's annual meeting held on Mackinac Island.

This is the fourth time in that office for the senior partner in Kovtan & Maki.

Kovtan is a graduate of Western Michigan university and has a master's degree from U-M. He has served as treasurer of the CPA's Southwestern Michigan chapter for several years and is a member of the American Institute of CPAs.

Buchanan Library  
Names Storyteller

**BUCHANAN** — Mrs. Robert Johnson of Niles will be the guest storyteller of children's hour in Buchanan Public library at 10 a.m. Wednesday, July 26. Mrs. Richard Gault who has planned the program said stories by Dr. Seuss, writer of fantasies, will be featured.

Four Lives Claimed  
In Water AccidentsTwo Drown  
At Berrien  
BeachesMother, Youth  
Allegan Victims

Swimming and boating accidents claimed the lives of four persons in southwestern Michigan during the weekend.

Two Chicago-area men drowned at Union Pier and Warren Dunes beaches, boosting Berrien county's 1967 drowning toll to five.

A Kalamazoo mother drowned when she fell into Saugatuck yacht basin last night. She and a Grand Rapids boy drowned Saturday in a northeast Allegan county lake are Allegan county's first two drowning victims of the year.

Saturday night at Union Pier, Etheljus "Mac" Bell, 41, of Chicago, drowned a few feet from his cabin cruiser, after struggling with would-be rescuers.

## FLOATING BODY

Sunday afternoon the body of Scott Dankwardt, 18, of Downers Grove, Ill., was found floating face down in four feet of water off the beach house at Warren Dunes state park.

The body of Mrs. James (Beverly) Rynd, 38, of Kalamazoo was found about 9:30 a.m. today in the channel of the Saugatuck yacht basin channel about 200 feet from where the family's boat was docked when she fell into the water last night.

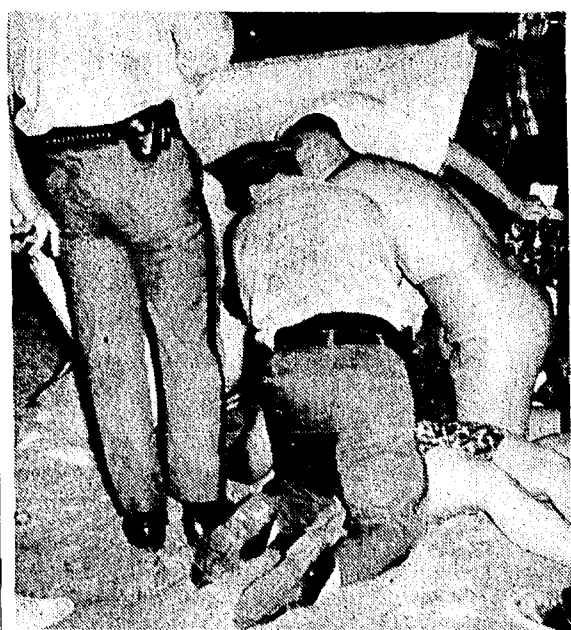

Donald Reeves, Jr., 10 of northeast Grand Rapids, drowned Saturday at about 8 p.m. at Green lake in northeast Allegan county. The boy was swimming with an uncle and a cousin and was last seen in waist deep water. His body was recovered from ten feet of water approximately 12 feet from shore.

## SWIM TO CRUISER

Bell was swimming with two nephews, Mark Cochran and Walter Green both of Chicago and both aged around 10, according to New Buffalo state police. They were swimming out to Bell's cruiser, moored 75 to 100 yards from the beach located at the end of Townline road in Union Pier.

Troopers said that when they got to the boat they turned to see Bell, described as a strong swimmer, struggling in the water behind them but not yelling for help. Green and Cochran swam back to Bell and tried to help him, officers continued, but he dragged both under.

Freeing themselves, they swam back to the boat and tossed a line to Bell, troopers

**ARTIFICIAL RESPIRATION:** Etheljus "Mac" Bell, 41, of Chicago, receives oxygen and artificial respiration from New Buffalo state police, Chikaming township police and Dr. John Valantiejus, assistant county medical examiner. Bell drowned a few feet from his cabin cruiser after struggling with would-be rescuers Saturday night at Townline road beach, Union Pier. (Staff photo)

said the two told them Bell went under without trying to reach the line and without crying out, the boys reported.

## PRONOUNCED DEAD

The body was found by an unidentified boater and Chikaming township police. Artificial respiration was applied for one half hour by state and township police. Bell was pronounced dead by assistant county medical examiner Dr. John Valantiejus.

Dankwardt had been missing from the church group he was with for a half hour before his body was discovered floating face down in four feet of water about 20 yards off shore, New Buffalo state police said. Jerry Smith, 22, of South Dakota found the body. Other members of the group, from the First Congregational church of Downers Grove, thought Dankwardt had gone to shore.

Park employees used two bottles of oxygen trying to revive the body for one half hour, but to no avail troopers explained. Dr. Joseph Rambo, assistant county medical examiner, pronounced Dankwardt dead at 2 p.m.

## FIRST OF YEAR

This is the first drowning this year at the state park. Two persons drowned there last year, the first in the history of the park.

Allegan county sheriff's deputies said Mrs. Rynd left her husband to board their 50-foot cabin cruiser docked at the Saugatuck Yacht Service ma-

rina about 11:30 p.m. last night. The sound of a splash and screams of the couple's three children aboard the boat attracted the attention of her husband and four other men sitting about 75 feet from the boat. They began searching for her.

Rynd notified the Saugatuck police who called the Allegan county sheriff's department at approximately 1 a.m.

Rynd told Allegan county Sheriff Robert Whitcomb that the family had been vacationing aboard their craft Mitsy II. He said his wife could not swim.

The boat was docked in water from three to 12 feet deep.

## PLASTICS ENGINEER

Mr. Bell, who was employed as an extrusion engineer by the Perflex Plastics Company of Chicago, was born July 16, 1928, in Augusta, Ga.

His widow, Harriette, survives.

The body was taken from the Smith funeral home, New Buffalo, to the Rogner funeral home, 318 East 71st street, Chicago, where funeral services will be held Wednesday. Burial will be in Burr Oak cemetery, Worth, Ill.

Mr. Dankwardt was born June 21, 1949, in Hinsdale, Ill., the son of Robert and Jean Dankwardt.

His body was taken from the Smith funeral home to the Toon funeral home in Downers Grove. Burial will be in Clarendon Hills cemetery.

AT BANGOR  
Flames Sweep Home;  
Three Persons Hurt

**BANGOR**—Three persons were burned and injured when fire swept a home on 15th avenue at 4:45 a.m. Sunday. Mrs. Virginia Retz, 32, Chicago and Mrs. Kathleen Heeman, 60, Grand Junction, were taken to St. Joseph Memorial hospital. This morning both were reported doing well. Mrs. Retz suffered burns and cuts on her neck and hand. Mrs. Heeman was burned on her back. Jack Retz, 33, Chicago, was treated and released at South Haven Community hospital for cuts on his right arm and burns on his left arm. The cause of the fire which was extinguished by the Bangor fire department, could not be learned.

Cowboy  
Injured  
At Rodeo

A 27-year-old Florida cowboy was critically injured Saturday night when he was thrown from the back of a bull and was crushed by the bull's hooves and hind quarters, during the Berrien County Sheriff's Posse Rodeo in Berrien Springs.

Reported in satisfactory condition today at Berrien General Hospital was Tom Buchanan, a rodeo follower from Florida, who gave Jackson, Mich., as his last address. Buchanan reportedly came to Berrien Springs from a rodeo in Jackson.

Buchanan was admitted to the hospital for receiving several fractured ribs. An examining physician said Buchanan also suffered from blood entering punctured lungs.

Rodeo spokesman Ned Knuth said the bull lost his footing when Buchanan fell off him and came crashing down on Buchanan during a bull-riding contest. Knuth said a hat was passed among the cowboys and \$98 was collected for Buchanan. Rodeo riders are not insured, he said.

Approximately 130 cowboys and cowgirls from throughout the United States participated in the three-day weekend rodeo. Some 9,000 spectators attended.

**BATTLE HOUSE BLAZE:** Coloma firemen wearing oxygen masks enter the Pete Stankiewicz residence on Boyer road Saturday night to fight a fire there. A garage and barn on the property were also burned. Berrien county sheriff's deputies booked Stankiewicz after the fire on arson charges.

## Puerto Rico Vote Keeps Status Quo

### Commonwealth Supporters Won't Ask More Power

SAN JUAN, P.R. (AP) — Supporters of commonwealth government in Puerto Rico today had the vote of confidence they wanted from island voters, but their next move wasn't clear.

In a victory statement Sunday night, former Gov. Luis Munoz Marin said there were no immediate plans to request any additional powers from the U.S. Congress.

Plated, Munoz hailed the outcome as proof that Puerto Ricans support commonwealth "as the only political form that is fully adapted to the needs of Puerto Rico."

Commonwealth received 425,081 votes, 60.5 per cent of the total; statehood received 273,315 votes, or 38.9 per cent, and independence received 4,205, six-tenths of 1 per cent.

Most independence groups boycotted the plebiscite.

Pre-election forecasts had said commonwealth would need at least 60 per cent for a clear-cut victory.

The victory was seen as a personal triumph for Munoz, 69, four-time governor of the island and chief architect of the commonwealth link with the United States in 1952.

The four cornerstones of commonwealth, according to Munoz, are common citizenship, common defense, common currency and a common market.

Munoz came out of semiretirement to lead a vigorous campaign for commonwealth. He spoke in virtually every town and hamlet on the island.

In urging the plebiscite last year, a special advisory committee recommended naming a joint U.S.-Puerto Rican commission to study ways to implement the voters' mandate. It appeared that might be the next step.

### ENDS DEBATE

Munoz said the chief result of the voting was an end to the "sterile debate" on the island's status that has raged since America took it from Spain in 1898.

In his victory statement, he said, "As far as I and the people of Puerto Rico are concerned, today's vote puts an end to the status debate."

Luis Ferre, chief campaigner for statehood, did not agree. At a celebration in his hometown of Ponce, one of a half-dozen areas to favor statehood, Ferre predicted eventual victory.

The total voter turnout of 702,601 was 65.8 per cent of the island's 1.1 million registered voters, somewhat below the pre-election prediction of 70 per cent.

### GROUPS BOYCOTT

It appeared that the campaign of some statehood partisans and most independence groups to keep voters from the polls may have had some effect although the State Election Board called the anti-plebiscite campaign a failure.

Some rain fell during the day and may have affected the turnout.

The voting was conducted almost without incident despite predictions of violence by the Federal Bureau of Investigation.

Gov. Roberto Sanchez Vilella, who played only a small role in the campaign, said the voting was "an admirable demonstration of the dignity of Puerto Ricans."

**ESCAPES EXPLOSION:** Alexander German, 27, Covert, holds portion of door he was still clinging to after explosion blew him out of office building at South Haven airport Sunday morning. German, who escaped injury, said he had just tossed water on the floor to mop and started out door with pail when explosion and flash fire occurred. South Haven firemen who answered alarm at 10:10 a.m. said the water apparently short circuited a faulty electric wire which ignited fumes from a propane gas-fueled space heater. Airport is still open to aircraft traffic although radio equipment, telephone and records were damaged. (Staff photo)
